

## Maintenance Simplified

Built from a legendary aviation background, Fokker Services knows what it takes to simplify the maintenance burden of our customers.

We combine world class operational excellence, innovative material and repair technologies, with customer centric flexibility to create true customer satisfaction. Obsolescence challenges are easily solved through the buying power of our vast vendor base and our exclusive alternative parts design capability. Get the best support with personal attention, let the creative team at Fokker put you above the rest.

Fokker Services specializes in pneumatic equipment for the 757 and other aircraft, servicing over 200 units per year. Our air expertise extends from the engine air system to the entire aircraft environmental control system.

### Innovative Material and Engineering

Fokker Services goes beyond CMM requirements to give our customers the best technology possible. Our use of PMA parts in conjunction with our approved repairs yield significantly cost reduction, all with a 21 day TAT.

### Approved Repairs

#### 3202154-X

- Valve Body seal surface
- Flappers

#### 3214306-X

- Flow and Bearing Bores of the body

#### 3289626-X

- Valve Body and Butterfly Plate

#### 3214303-X

- Valve Body Cover

### OEM Standard or PMA/EPA Parts

Fokker Services offers choice to our customers. Whether with OEM, or PMA, Fokker guarantees a quality overhaul. PMA parts include:

#### 107494-X and 107460-X

- Diaphragms
- Retainer & Adapter Tubes
- Poppet Guide, Pins, Shafts, Rings

#### 3214306-X

- Retainer & Adapter Tubes
- Poppet Guide, Pins, Shafts, Rings

#### 3214304-X

- Bearings, Seals & Rings

#### 3289626-X

- Diaphragms & Valve Guide
- Poppet Valve & Seal Assembly
- Bearings

### Direct Customer Benefits

With our quality, technology and innovation we can save you in excess of 40% over the OEM, all with a 18 month overhaul warranty. Our flexibility with exchange units, T&M, flight hour or fixed pricing, can meet your operational needs. Fokker Services can simplify your maintenance.

**Industry excellence, one system at a time**

### Maintenance Simplified

Certificates:  
FAA Repair Station IROR086L  
EASA Part 145, EASA.145.4119  
CAAC F00100526  
DGCA 145/47500/05  
ISO 9001 & AS9110 Cert. 0024922

### In-House Capability for other aircraft types:

- Air Cycle Machines
- Water Separators
- Check Valves
- Temperature Control Valves
- Flow Control & Shutoff Valves
- Modulating & Regulating Valves
- Outflow Valves

Repair will be performed under the EASA and/or FAA authorization and all parts will be released with an EASA, FAA or dual release certificate.

With our world class capabilities we can also simplify your avionics, hydraulics or pneumatics maintenance. All supported by our state of the art web-portal and global logistics network in the Americas, Europe and Asia
