

We've been building a new image.
Welcome to our new facility.

Address:
Fokker Services Asia Pte Ltd,
1800 West Camp Rd.,
Seletar AeroSpace Park,
Singapore 797521

Thanks to the years of aircraft heavy maintenance support we have been providing from Seletar airport in Singapore, Fokker Services Asia has built a strong and enduring relationship with our customers throughout the Asia Pacific. More recently, we have been building something else; a brand new aircraft maintenance facility at Seletar. State-of-the-art. So we can provide even better service to our customers and broaden our horizons to other regional aircraft types.

On the 10th of January, 2012, we will start our operations at our new hangar. You can't miss it as you fly in.

Fokker Services. For Continued Competitive Operation.
