

Financial Processes Development Accountant

Fokker Services is an independent aircraft service provider. We offer custom-made solutions to regional, commercial and military airplanes.

From supplying parts and offering exchange programs, to component MRO and modification programs, we strive to offer our customers nothing but excellence in everything from engineering to customer service.

Our drive revolves around a single purpose: to keep aircraft where they belong, in the sky.

The position

The vacancy of Financial Processes Development Accountant is a challenging position, in which you have plenty of room for personal development within our best in class global finance community. Together with your three colleagues, you are responsible for the financial reporting process: delivery of best in class financial reporting insights, supporting a robust internal control environment and optimizing and improving financial processes and systems. Fokker Services is a dynamic company. We are looking for Financial Processes Development Accountant who is able to bring their experience and knowledge, and make relevant and impactful improvements to our "counting house". We are looking for someone who has the creativity and drive to make the existing processes more efficient and effective.

Your responsibilities

The position of Financial Process Development Accountant is responsible for:

- Financial Statement Closing process [Month-, Quarter- and Year-End]; you fulfil an integral role in the month-end process with a diverse mix of hands-on posting and higher level reviews, controls and commentary;
- Creation of reports and reporting tools for month-end reviews;
- An accurate and timely oversight and review of VAT process;
- An accurate and timely oversight and review of the payroll process in cooperation with external payroll provider and our People & Culture Department;
- Maintenance of the financial function of the ERP system;
- Lobbying and co-creating with other departments in relation to improved processes and reports.

Next to these responsibilities, you are working together with your colleagues in the team in the following areas:

- Fielding and responding to questions from several stakeholders in the purchase process and asking yourself how you go to the root-cause and eliminate errors;
- Internal and External Financial Audits: preparation and assimilation of information for a variety of stakeholders.

Your profile

We are looking for someone who:

- is a finance professional with a finance or accounting qualification with a minimum of five years of relevant working experience, who is ready for the next step in his or her career;
- Flexible, ambitious and eager to learn;
- Analytical (you are able to understand transaction level but you also see the bigger picture);
- Excellent communication skills to speak with different departments within our organization;
- Available 40 hours;
- Has good spoken and written skills in English and Dutch;
- Currently living in the Netherlands.

Location

The main office of this position is Hoofddorp. We offer the possibility to work 80% in the office and 20% at home.

Who are we?

We work in an international environment, which requires close contact with our offices in the United States, Singapore and Woensdrecht.

You will be working with many responsibilities in a very interesting position with lots of development possibilities.

What do we offer?

The CAO Metalelektro applies. This consists out of the following:

- An competitive salary
- When working fulltime, 29 holiday days and 13 ADV leave days per year
- Career opportunities
- A lot of professional and personal growth

Want to apply?

This position is published internally and externally. You can send your cover letter and resume at latest July 15th, 2022, to Marleen van den Breevaart, Accounting Supervisor, marleen.vandenbreevaart@fokkerservices.com.

For questions about the application procedure, please contact Didier Soesman (Recruiter) didier.soesman@fokkerservices.com. We are looking forward to your application.
