

Employee Production Planning and Control

The Role

The employee PPC will manage the work order scheduling activities in the shops working closely with Team Leaders, Process Engineers and Customer Service employees to communicate and monitor the sequence of work orders ensuring the availability of tooling, parts and, material resources whilst creating and maintaining the optimal production sequence and in order to achieve the logistical and financial targets. The PPC reports directly to the Operational Manager of CMRO.

Key Responsibilities

- Forward load planning of the work force;
- Communication to customer support representative on status of work orders;
- KPI reporting to the Operational Manager;
- Pro-actively monitoring work orders to find the best solution in terms of quality, cost & turnaround time;
- Responsible for mitigation of Work Order stagnations and resolving Work Order stagnations;
- Coordinate with support functions (Operational Buyer, Process Engineer; Product Engineer) to ensure their priorities are synchronized with the operational planning. Coordination is done via active management of work order status and direct communication.

Experience & Qualifications

To succeed in this role you should bring the following:

- Excellent communication skills both in Dutch and English;
- Knowledge of shop processes and work order execution processes within ERP-systems;
- Ability to work in a structured manner;
- Sound understanding of relevant rules/regulations in aerospace;
- Demonstrated ability to create plans and rationalize priorities;
- Demonstrated ability in clear communication towards internal and external stakeholders;
- Demonstrated commercial savviness;
- Relevant technical experience and understanding of working of parts;
- Experience in working with Microsoft Excel.

What We Offer

- A competitive salary matching your experience and knowledge;
- Enough time to relax: 27 standard holiday days, and 13 additional leave days per year (ADV), based on a fulltime (40 hours) contract;
- Room for professional and personal growth, as well as a lot of autonomy;
- A dynamic work environment full of new experiences and challenges;
