

Finance Director

Are you an experienced Finance Director/Manager, ready to take on a new challenge? A fundamental position situated in the Netherlands, as part of the global leadership team, responsible for strategic and operational financial management.

Job role

Fokker Services Group is looking for a Finance Director who will work with the international teams throughout the Netherlands, United States and Singapore to facilitate profitable growth. Take full ownership of financial operations, and the financial planning of the company. Provide strategic financial direction and long-range business planning for our global organization, with 7 direct reports (located in SI and US, 14 indirect reports). This role is part of the global leadership team and reports to the Fokker Services Group CEO's in the Netherlands.

Most important responsibilities

- Overseeing the financial operations of the company, including accounting, tax, treasury, insurance, budgeting, forecasting, and financial planning;
- Developing and implementing financial strategies to support the company's growth and profitability;
- Managing the company's financial resources, including cash flow, investments, and financing;
- Analyzing and interpreting financial data to support business decisions;
- Ensuring compliance with financial regulations and laws;
- Providing financial reports and analysis to the board, senior management and shareholders;
- Leading and managing a team of financial professionals;
- Building and maintaining relationships with auditors, advisors, financial institutions and other stakeholders;
- Participating in the development of company policies and procedures related to financial management and responsible for developing and maintaining internal controls over financial management and reporting;
- Ensuring that the company has systems in place to track, measure and report its ESG performance;
- Advising the CEO's and other senior executives on financial and risk issues;
- Provide successful M&A transaction support.

About Fokker Services Group

At Fokker Services Group, our greatest purpose is to exceed reliability expectations, keeping customer aircraft where they belong - in the sky!

An aftermarket integrator with design, production, maintenance, and airworthiness expertise and experience, on which commercial and defense operators around the world rely for the continued competitive operation of their fleet. Unique independent competence for comprehensive single source solutions with a global presence, with facilities in Europe, Asia and the Americas. The Fokker Services Group has a profitable revenue of Euro 250M and employs around 1000 people,

Our Values

As a High Performance Organization, our core values shine through in everything we do:

Customer Focus

We meet and exceed our customers' expectations by offering unique and personalized solutions. Creating clear expectations and building a sustainable relationship based on quality, safety and trust is what we value most.

Innovative Thinking

Our success is based upon an innovative mindset. We identify and create new opportunities, products and customer solutions by being brave, daring to lead and making decisions. With our entrepreneurial and growth mindset, we explore and learn ways of doing things differently every single day.

Global Excellence

We strive for quality, reliability and excellence. Together we create a high-performance culture in which digital transformation, continuous learning and improvement is key. Sharing knowledge, and working cross functionally helps us to inspire and achieve our shared goal; to exceed expectations and keep aircrafts where they belong; in the sky!

We Care

Our people are at the heart of our organization. Only when we work together can we create an inclusive and respectful work environment in which we motivate, support and inspire each other. We make a difference by being open, honest, respectful and empathetic towards each other. Safety, quality and trust are paramount.

Offer

At Fokker Services, we believe that people make the difference. They live by their values: we care, we stimulate innovative thinking, we pursue global excellence and we are customer focused. To uphold our values at all of our global locations, we focus on personal growth and a flexible and fun work environment where everybody feels appreciated.

Besides an excellent salary, including a solid bonus, we also offer retirement savings and social events. You will also be offered a company car.

Profile

We are looking for a candidate with the ambition and potential to grow with us! Who has already has experience in leading a team and who can be the connecting factor in our business. You have excellently developed business acumen and a result-oriented personality. In brief, as Finance Director, you are strategically strong, have a practical/hands-on and pro-active approach and experience as a team player and sparring partner. Further, you bring:

- Master's degree in Finance, Accounting, Economics (or related field); a RA or RC accreditation is a clear plus;
- 10 years of progressive financial planning & analysis (FP&A), business controlling and or experience;
- Proven experience with managing auditors, financial institutions and advisors;
- Proven experience with (statutory) accounting, treasury, working capital management and tax;
- Strong communication and leadership skills, with the ability to work effectively with a variety of stakeholders;
- Minimum 4 years of experience working in a global business environment;
- Leadership capability and experience;
- Experience in Mergers & Acquisitions transactions;
- Strong affinity with the technology industry.
